- Reduce Compliance Risk

- **Patient Payments**  
Increase collections and accelerate payments by accepting Credit and Debit Cards, Checks and Cash with automated posting to your Practice Management System.
- **Patient Payment Plans**  
Establish Installment, Recurring or Save on File Payment plans for patients.
- **Patient Payment Portal**  
Patients can securely view statements and pay on-line with Credit Cards as well as eChecks.
- **Patient Payment Estimator**  
As a means to increase collections, the Estimator incorporates both member benefit information and Provider fee schedules to provide an estimate of Patient responsibility at the Point of Service.
- **Reporting**  
Robust Reporting capabilities for all transactions, multiple locations in real-time. Configure reports to any level of sophistication with all information available to be downloaded into an Excel or CSV file.
- **Automated Eligibility**  
Single and Batch eligibility to over 430 Payers in real-time including MEDICARE, BLUES, HUMANA, UNITED, AETNA, CIGNA and more.
- **Remote Payment Deposit**  
Remotely deposit checks and eliminate manual deposit slips, lockboxes and trips to the Bank.
- **Post Back**  
Post Payments and Eligibilities from the End of Day Reporting directly into any Practice Management System, eliminating tedious manual entry and errors.
- **Patient Statements**  
Increase collections and cash flow with address standardization and corrections services including update move forwarding addresses. Utilize a standard or customized statement template; Images statements are available on line for 2 years; offline for an additional 5 years. Combined with the Patient Payment Portal, you have the ability to produce eStatements for patients.
- **PCI Validation**  
Access to Trustkeeper; Monthly Vulnerability Scans; Help Desk Support; Data breach coverage including cost reimbursement for a forensic audit.

*“The patient eligibility and benefit verification feature has saved a lot of time for our practice. My employees are able to get real time access to benefits” - Callie Tyner, Practice Administrator, Texas Spine Consultants*

*“NTC Texas has given us a system that greatly improves patient payment collections and expedites funding” - Michael Vogel, Controller, Texas Oncology*
